## DID YOU KNOW?

- UFS got a grade 4 in the General Index of Courses (IGC) and this places us among the best universities in the Northeast. In addition, in the last evaluation cycle of the Ministry of Education (MEC), 94.6% of our courses were evaluated as very good (grade 4) or excellent (grade 5).
- The purpose of the Support Program for the Development of Professional Learning (Prodap) is to provide undergraduate students with grants so that they can take part in 20-hour-weekly activities focusing on the development of skills aimed at complementing professional training in the scope of the UFS. For more information contact: CODAE/PROEST, e-mail: codae@academico.ufs.br.
- The Faculty Qualification Index (ICQD) is an indicator to measure the qualification of the tenured professors, calculated by the weighted average with the following weights: undergraduate degree = 1, specialization = 2, master's = 3, doctorate = 5. The higher the ICQD, the higher will be the training of the faculty. For more information contact: COPAC/PROPLAN, e-mail: copac@academico.ufs.br.
- The Monitoring Program offers undergraduate students the opportunity to experience didactic-pedagogical experiences with the support of a supervisor professor, who will help them develop skills related to teaching practice. For more information contact: DELIB/PROGRAD, E-mail: monitoriaufs@gmail.com. PROGRAD also has other programs, such as the Tutorial Education Program (PET), Teaching Degrees Consolidation Program (Prodocência), Institutional Teaching Initiation Scholarship Program (PIBID), and Academic Mobility Program. For more information contact PROGRAD; e-mail: secretariaprograd@gmail.com.
- Student Psychological Assistance Service (SPAÉ) provides students from the university with Psychosocial Assistance by offering professionals on duty, and the Inclusive Actions Division assists students with any disability. For more information on psychological care, contact DIPAI, e-mail: dipai@academico.ufs.br, and for more details on inclusive actions, contact DAIN, e-mail: dain@academico.ufs.br.
- Extension activities are characterized as extension programs, projects, courses and events and are registered on SIGAA by faculty members and/or technical staff, based on specific public notices. Students can participate in Extension projects with a grant or as a volunteer if they are linked to work plans. Participation in courses and events can be as a team member or as a listener. Currently, The Office of the Dean of Extension at UFS (PROEX) has Institutional Extension Support Programs (PIAEX); Activity Registration Program (RAEX), Academic Leagues, and Junior Companies. For more information, access the link: <http://proex.ufs.br/> or call us: + 55 79 3194-6418 – Extension Activities Coordination, + 55 79 3194-6512 – Courses and Events Division, + 55 79 3194-6555 – Projects Division.
- The Institutional Program of Scientific Initiation (PIBIC) and of Technological Development and Innovation (PIBITI) have been widely implemented, contributing to the training of human resources for research and technological innovation, to improve the course and reduce permanence time of the student both at undergraduate and graduate level. For more information, contact: COPES/POSGRAP – PIBIC, e-mail: copes@academico.ufs.br; CINTTEC/POSGRAP – PIBITI, e-mail: cinttec@academico.com.
- The Success Ratio is an annual indicator that shows the percentage of graduates, each year, concerning the total of retroactive entrants considering the minimum completion time of each course. For example, consider a course with a minimum completion time of 8 terms. In 2020 there were XX graduates and the number of retroactive entrants (2016/2 and 2016/1) was YY. Thus, the course's Success Rate is the ratio of the XX graduates by the YY retroactive entrants. For more information contact CEMDI/SIDI, e-mail: cemdi@academico.ufs.br
